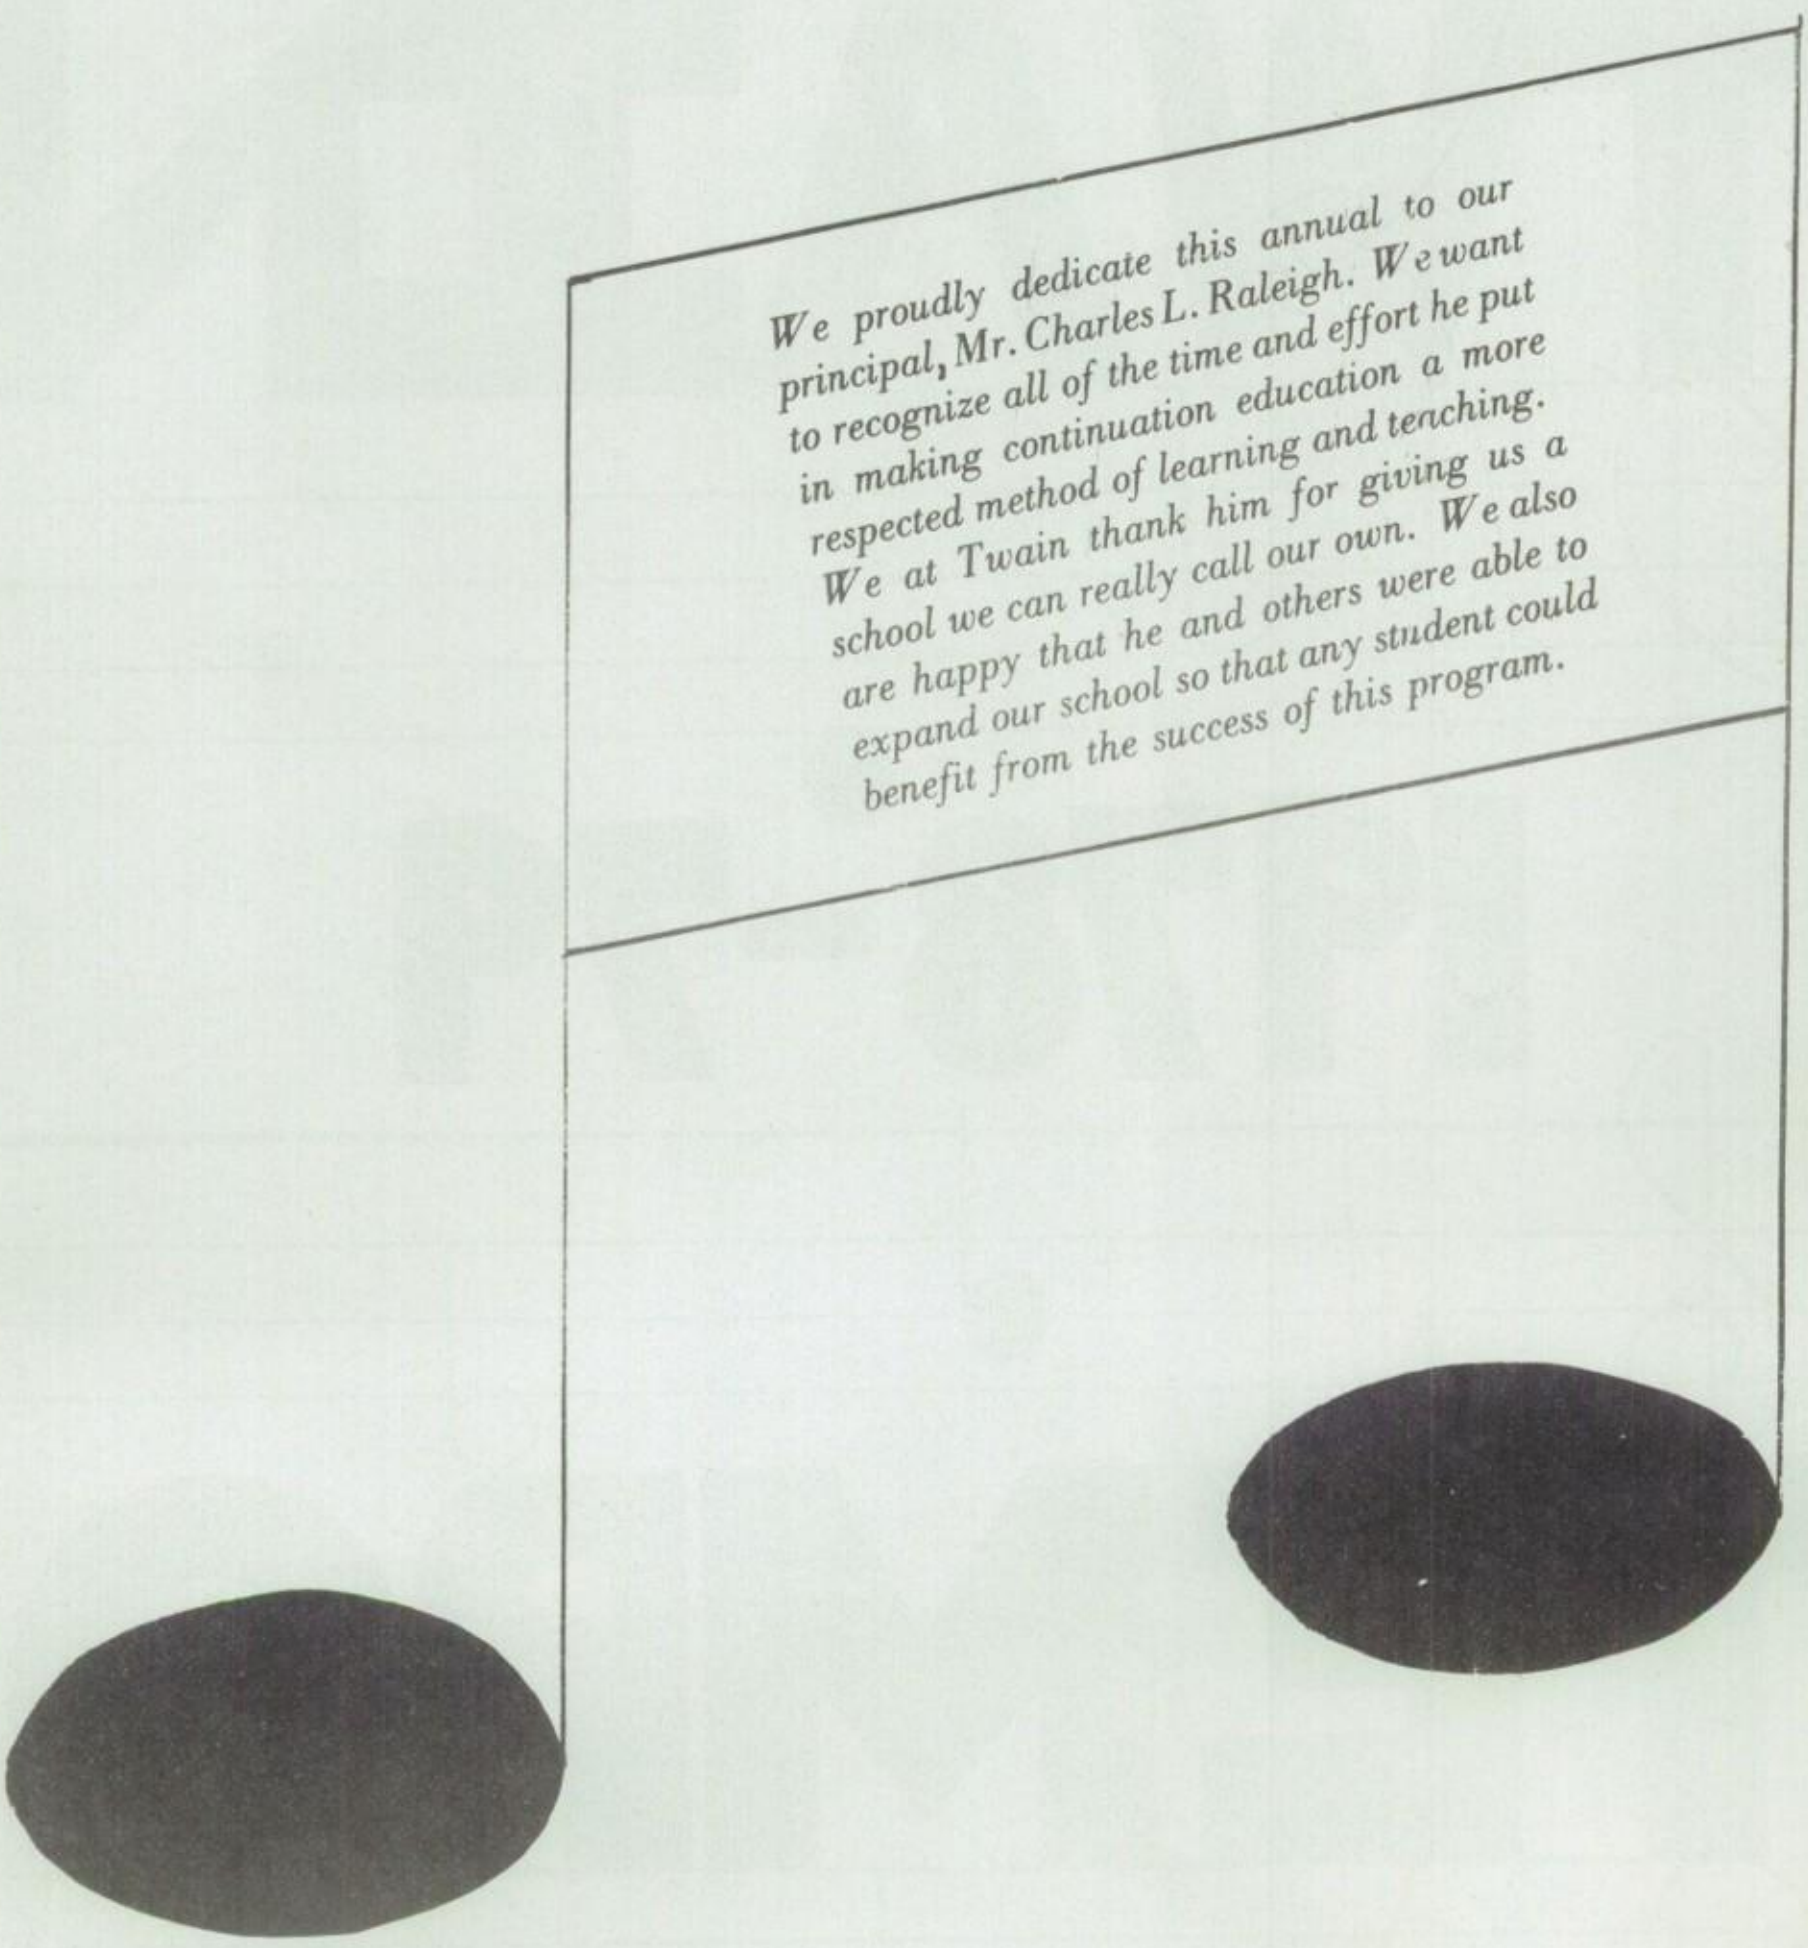
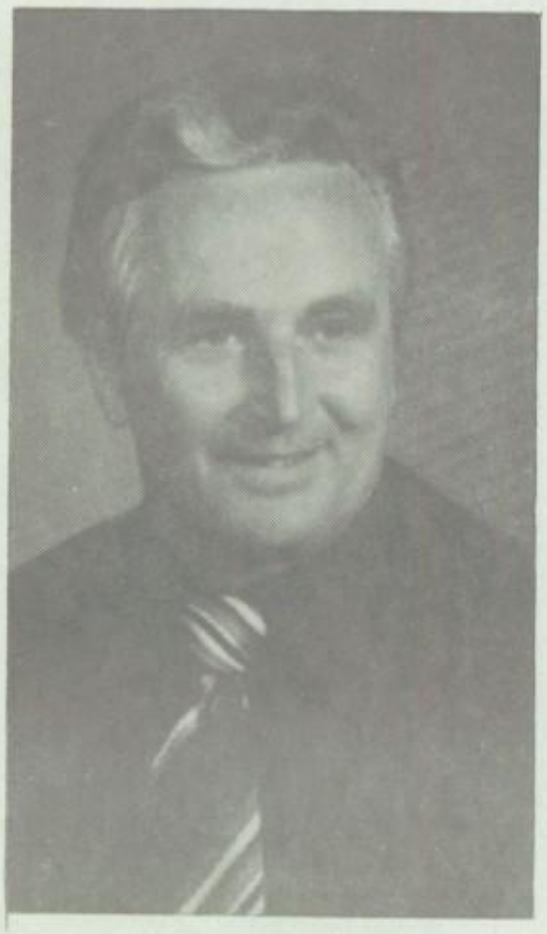
Dedication

We proudly dedicate this annual to our principal, Mr. Charles L. Raleigh. We want to recognize all of the time and effort he put in making continuation education a more respected method of learning and teaching. We at Twain thank him for giving us a school we can really call our own. We also are happy that he and others were able to expand our school so that any student could benefit from the success of this program.





Charles L. Raleigh

Mr. Raleigh remarks, "I feel I have grown in this program. I believe in the program in the students and in the staff. I would stack up Twain students and staff to anybody. I am proud to be the principal of this school."

Barbara Thomas

Our new Vice-Principal, Mrs. Thomas who has come from Morse High, has enjoyed her first year at Twain. "I feel that the staff enjoys their work here, and the students can be most open and honest with their teachers," says Mrs. Thomas. She also feels that continuation schools serve a real purpose for students and are very important. We all thank you Mrs. Thomas for your dedicated work.

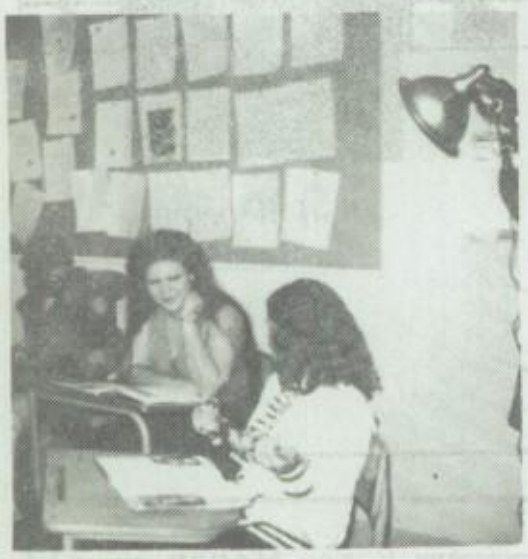
Sisters & Brothers

Oh Jon, you're such a good teacher!



Do you think you're
Mary Poppins?

When is he going to stop talking
and let us BOOGIE?

Now I told you not to play on the swings!

If he only knew!

Do wa, Do wa....

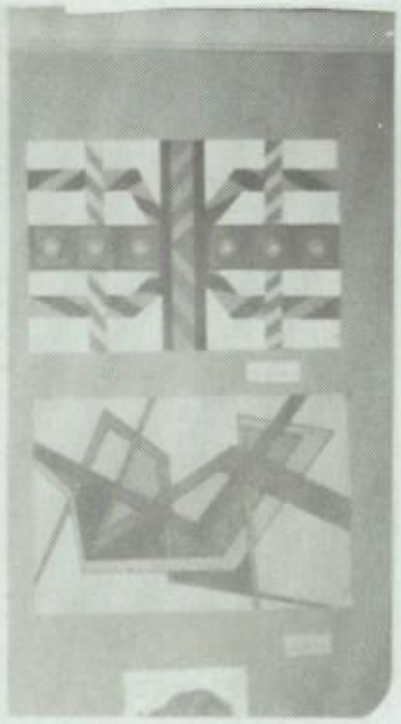
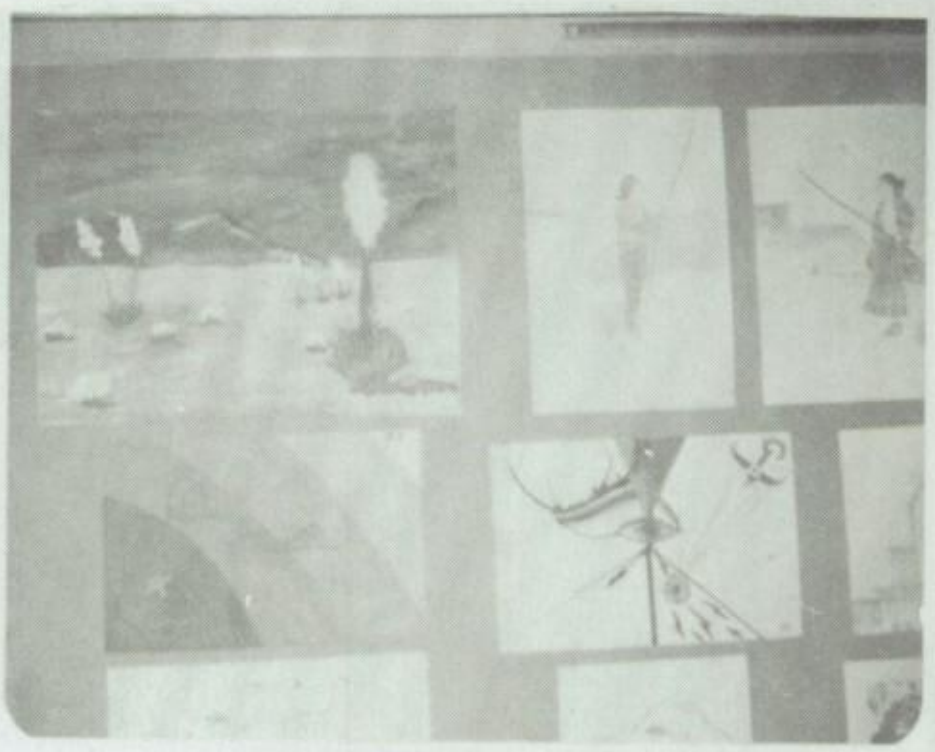
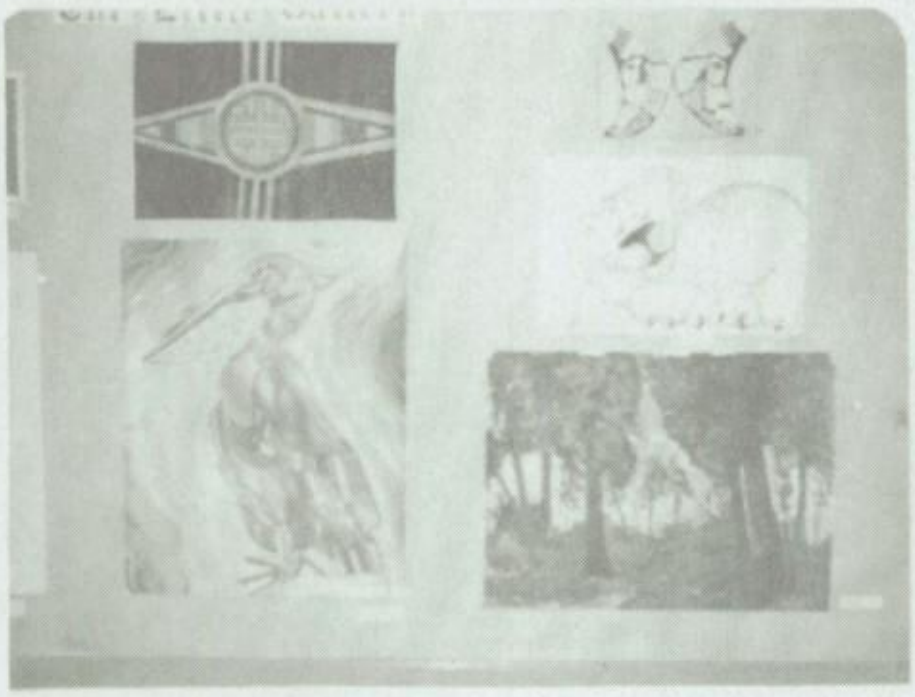
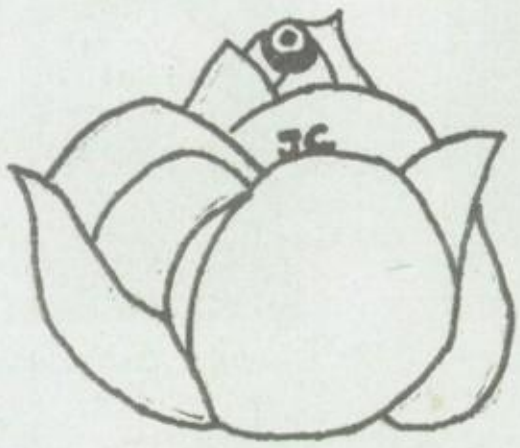
Tempos of Talent...







Something to Remember



Today is the time for living,
The past will never return,
The future withholds of its givings
to weigh how we now live and learn
As yesterday once was a dream and
tomorrow is yet but a vision
Today is the hour of decision,
for today, we lived, is supreme.

Kathy Franklin

Hate

Dirty, sloppy piece of nature's anger
Hot, boiling urge to destroy
The devil's sign of happiness,
Fumes of an angry world,
Musty, filthy land of hatred
to those who only want peace.
